During our '*Celebrating Diversity*' Project,

WE ARE LEARNING TO:

- Communicate and co-operate with people we know and people we have newly met.
- Find out about other people in our class and community.
- Talk about what makes us similar to, and different from each other.
- Explore '*respect*', '*feelings*', '*identity*' and '*culture*'.
- Begin to explore festivals and celebrations from around the World.
- Have fun and learn new games and songs!
